

CAMP LEJEUNE PLAINTIFFS' LEADERSHIP COUNSEL

STATEMENT ON COURT'S CASE MANAGEMENT ORDER NO. 2
SEPTEMBER 26, 2023

The Court's Case Management Order lays out a forceful roadmap toward resolution for those who were injured by the water on Camp Lejeune and who have long waited to vindicate their rights. Plaintiffs' Leadership proposed a litigation plan designed to advance these cases as fast as reasonably possible, and we are grateful that the Court has trusted us with the responsibility to execute it. We are eager to help deliver justice to all harmed while serving our country on Camp Lejeune.
